

Lessons Learned Information Sharing

www.LLIS.gov

LLIS.gov Colleagues,

This September is the fourth annual National Preparedness Month, a nationwide initiative sponsored by the Department of Homeland Security to encourage Americans to take simple steps to prepare for emergencies. This year, National Preparedness Month focuses on back-to-school planning, business preparedness, multicultural preparedness, and home and family preparedness. To assist with preparedness planning, *LLIS.gov* has created the [National Preparedness Month](#) resource page to share important information about these issues. In addition, many *LLIS.gov* topic-specific resource pages feature special sections highlighting information related to National Preparedness Month, planning, or community preparedness.

To access the National Preparedness Month page, please log onto LLIS.gov and click on [National Preparedness Month](#) under FEATURED TOPICS. We welcome any thoughts, questions, or suggestions that you may have at nationalprepmo@llis.dhs.gov. As always, we encourage you to submit your own plans, reports, or other documents relating to preparedness.

Thank you,
Karl Fippinger
LLIS.gov Program Director
